

01 LEAVING IT ALL BEHIND

Looking in your dark blue eyes
Wish they were full of desire
Give me just a small small sign
Cause you're the one to take me higher

Tell me please
Am I asking too much
Inside of me
I'm yearning for your touch

Tell me the truth
Will you follow
What can I do,
How to control myself
It's me and you
In my tomorrow's
I'm leaving it all behind

In my dreams we dance all night
You are feeling warm and tender
Everything will be just fine
I'm only waiting for your surrender

Tell me please
Am I asking too much
Inside of me
I'm yearning for your touch

Tell me the truth
Will you follow
What can I do,
How to control myself
It's me and you
In my tomorrow's
I'm leaving it all behind
I'm leaving it all behind
I'm leaving it all behind
Leaving it all behind
For you
